PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience building web applications using Python, Django, HTML, CSS, JavaScript, SQLite, and Django REST Framework. Completed a full-stack internship and developed multiple portfolio projects. Seeking an entry-level Software Developer role.

TECHNICAL SKILLS

Languages	Python, JavaScript
Frameworks & Tools	Django, Django REST Framework, HTML, CSS, jQuery, SQLite, Git, GitHub, VS Code

PROFESSIONAL EXPERIENCE

Python Full Stack Developer Intern | Marklance Infotech, Palarivattom, Ernakulam

Feb 2024 – Apr 2024

- Developed a Tourism Management System using Python and Django.
- Implemented backend functionality using Django models, views, templates, and URL routing.
- Built responsive frontend pages with HTML, CSS, and JavaScript.
- Managed application data using SQLite and Django ORM.

SELECTED PROJECTS

Task Management System (Python • Django)

Built a web application for creating, updating, and managing tasks.

Garbage Management System (Python • Django • HTML • CSS • JavaScript)

Developed a web-based waste management system for maintaining garbage-related records.

Employee Management System (Python • Django • SQLite)

Created a web application for managing employee records.

Weather API Application (HTML • CSS • JavaScript)

Built a real-time weather application using an external API.

EDUCATION

B.Sc. Computer Science

SNDP Yogam Arts & Science College, Pulpally

University of Calicut | 2025

Higher Secondary (12th) – Vijaya HSS, Pulpally | 2022

Secondary School (10th) – Vijaya HSS, Pulpally | 2020

CERTIFICATIONS

- Python Full Stack Development – SLBS Marklance
- Data Science Tools & Fundamentals – HCL GUVI
- Mastering Cloud Automation – HCL GUVI
- TCS iON Soft Skills Basics
